AlumiStar HDW

Clement Industries is proud to offer **the perfect marriage of durability and weight-saving in an aluminum dump trailer** – the *AlumiStar HDW*. Because Clement Engineering has incorporated internally reinforced, double-walled 6061 T6 aluminum panels into a highly configurable design (length, width, side height, frameless, quarter-frame, frame-type, 3rd axle, lift axle, w/ or w/o liner, multiple liner configurations, etc.); the *AlumiStar HDW* can be **custom designed to your specifications** – thereby **maximizing ease-of-use, durability, and payload!** If you want all the benefits of **70 years' experience in building dump trailers, superior engineering, and a 3-year warranty** – all in an **advanced double-walled design** – the choice is simple – the **Clement *AlumiStar HDW***.
