PAVESTAR 2

Clement is proud to offer the **new leader in asphalt trailers** – the **PAVESTAR 2**. Building on the success of the original **PAVESTAR**, and working closely with paving companies in both Louisiana and Texas, the **PAVESTAR 2** is engineered to perfectly integrate with today's modern paving operations. The new elliptical body shape and specially designed rear profile yield a perfect transfer to the paving equipment – **minimizing both time and clean-up**. The unique combination of materials in the **PAVESTAR 2** – including **AR450 hardened steel, and lightweight aluminum alloys** – maximizes both longevity and payload. The **PAVESTAR 2** even comes **standard with aluminum wheels (rear outer wheels are steel), lightweight hubs & drums, and a new electric side-roll tarp system** – specially designed for it. If you are ready to upgrade your paving operation with a trailer that is engineered for **durability/weight-savings/safety**, is backed by the **best warranty** in the industry, and built by a company with **over 68 years' experience** building trailers, there is only one choice – the Clement **PAVESTAR 2**.
